Hexagon Crochet Pattern

Round 1

- **Start:** Create a magic ring.
- **First cluster:** Chain 3 (counts as one dc), work 2 dc into the ring.
- **First corner:** Chain 2.
- **Repeat:** Repeat the sequence of `[2 dc, ch 2]` five more times.
- **Join:** Slip stitch to the top of the starting chain 3 to close the round.

Round 2

- ***Start:*** *To begin the next round in the chain space, slip stitch into the next chain space.*
- ***First cluster:*** *Chain 3 (counts as one dc), work 2 dc into the same chain space.*
- ***Next side:*** *Chain 1.*
- ***Next corner:*** *Work* `(2 dc, ch 2, 2 dc)` *into the next chain space.*
- ***Repeat:*** *Repeat the sequence* `[ch 1, (2 dc, ch 2, 2 dc) in next chain space]` *five more times.*
- ***Join:*** *Slip stitch to the top of the starting chain 3 to close the round.*

Subsequent rounds

1. **Start:** Chain 3 (counts as one dc).
2. **First side:** Work dc in each stitch along the side until you reach the next corner space.
3. **Next corner:** Work `(1 dc, ch 2, 1 dc)` into the corner space.
4. **Next side:** Work dc in each stitch along the next side until you reach the corner space.
5. **Repeat:** Repeat the corner sequence and stitch increases for all six sides.
   Join: Slip stitch to the top of the starting chain 3 to close the round.
6. **Continue:** Repeat this process, increasing the number of dc stitches on each side per round until you reach the desired size.

The pictures shown below are of various hexagonal blocks. Have fun!
